

Winter 2020: 2:42 Life Group Week 2

“In God’s Image”

Genesis 1:26-31

Getting to know each other:

- 1) If you could...
 - eat only the same meal every day for the rest of your life, what would it be?
 - be a Christian living in any previous century, when would it be?
 - live anywhere in the world for one year, where would you choose?
 - speak another language, what would you like it to be?

- 2) Was there anything in Sunday's message that encouraged you, challenged you, confused you, or brought clarification?

Getting into the Word:

- 3) In Genesis 1:26, there is a fascinating exchange among the Godhead; "Let Us make man in Our image, according to Our likeness." Jesus is not only fully God, but He is also fully Man. Now God has placed within us some of His attributes and characteristics. What are some of the ways men and women are created in the image and likeness of God? What do you see in these verses?

John 14:9-18...Luke 4:18...Col.3:8-10...2Cor.3:18...2Cor.4:7-12...2Cor.4:16-18...1John 3:1-3.

"What does it mean to be made after God's likeness? The chief GOVERNING characteristic of God is His self-determination...His will and His ability to choose and determine His own destiny. So man was created a self-determinant being. The chief EMOTIONAL attribute of God is love. God made man in His image with a beautiful capacity to love – both to give it and receive it" — Pastor Chuck
